# Quality Improvement Plan 2017

---

### MISSION

*We Make The Difference!*

### VISION

*Always striving to enhance the quality of life for all we serve!*

### VALUES

#### WE VALUE P.E.O.P.L.E

**PEOPLE:** SEE PEOPLE AS A "WHOLE PERSON" FIRST

**ENVIRONMENT:** BUILD AN ENVIRONMENT OF H.O.P.E, TRUST AND HEALTHY RELATIONSHIPS

**OPPORTUNITIES:** CREATE OPPORTUNITIES FOR GROWTH AND MAKING G.O.O.D. DECISIONS

**PROVIDE:** PROVIDE GENTLE INTERACTIONS TO SHOW YOU CARE.

**LEARN:** LEARN TO APPRECIATE DIFFERENCES IN A TEAM AND TREAT ALL PEOPLE WITH DIGNITY AND RESPECT.

**EMPOWER:** EMPOWER BY USING S.O.U.L. AND POSITIVE, OPEN COMMUNICATION.

### **QUALITY IMPROVEMENT PLAN PURPOSE**

To insure that L.A.D.D, Inc. continuously improves the quality of our services while always keeping the focus on our Mission, Vision and Values.

### **QUALITY MANAGEMENT METHOD**

To insure all programs provide quality support services; L.A.D.D., Inc. develops and implements an approved Quality Improvement Plan that is focused on outcomes in the four categories of effectiveness, efficiency, access and satisfaction. The Quality Improvement Plan is developed, reviewed and updated during the strategic planning process by LADD Directors and trained to all management and employees.

### **QUALITY IMPROVEMENT PLAN**

- Quality Improvement Goals and Action Items
-

The QI Plan contains goals, indicators and performance measures that align with the LADD Mission, Vision and Values as well as the Strategic Plan. The measures are monitored using routine data collection and review of processes. These processes are used to evaluate overall project performance on an on-going basis and to determine that risks were accessed prior to beginning the project, quality reviews were held, outcomes were tested, and satisfaction is monitored.

- **Quality Assurance Processes, Quality Control Measures and Quality Criteria**
  - Quality assurance activities focus on the processes being used to manage and deliver the solution to evaluate overall performance on a regular basis. Quality assurance is a method to insure that business activities will satisfy the quality standards and will define and record quality reviews, test performance, and stakeholder acceptance.
  - Quality control activities are performed continually to verify that supports are of high quality and meet quality standards set by L.A.D.D, Inc. Quality assurance also helps uncover causes of unsatisfactory results, establishes lessons learned to avoid similar issues in the future and tests to insure corrective action has been successful.
  - Team members agree on the accepted Quality criteria that will be used to evaluate final deliverable results before the results are formally approved. The Quality Improvement Plan consists of the procedure, expectations, monitoring period, report period and responsible parties.
